**** Toledo City Council Candidate Forum ****

We are excited to once again host our annual Candidate Forum, this year featuring the Candidates for District 2 and District 3 of Toledo City Council, as both Districts make up the Burroughs Neighborhood. Candidates will mainly be answering questions brought by members of the BNO, with some questions being more general, and with the opportunity for guests to ask a few questions. There is a slightly flexible Maximum Occupancy of 49 in the meeting room, so it will be close, but we will also be streaming on Facebook and we will post the recorded video of the forum on ToledoBNO.com.

Toledo City Council races are Non-Partisan by law, so party affiliations will not appear on the ballot. Below is a short reminder of our candidates. More detailed bios will be featured on our website soon.

Matt Cherry - D2 incumbent - 39 - endorsed Democrat
Abigail Sadowy - D2 - 45 - endorsed Republican
Stefania Czech - D2 - 38 - Green Party candidate
Theresa Gadus - D3 - 39 - endorsed Democrat
Glen Cook - D3 - 77 - endorsed Republican
Robert Worthington - D3 - 24 - independent Democrat

BNO Random Acts of Kindness

Nearing an End to Summer with Random Acts of Kindness!

What act of Kindness have you experienced?

As you contemplate this question, reflect on your summer, and do not take anything for granted. Any positive deed that crossed your path may have been a part of KINDNESS expressed through a relationship interaction or gesture. For example, here are real life examples from our Core BNO Membership meeting at the library on August 5, 2019:
1) "Our AC unit went out right before the hottest day this year, and a family member's boyfriend came over and looked at it for us, after his 10-hour work shift."
2) "Robby and Sarah have been very kind to me, helping out with everything I've been needing during this hard time. Thanks a lot to them."

Remember to keep your eyes open for Kindness:
"Constant kindness can accomplish much. As the sun makes ice melt, kindness causes misunderstanding, mistrust, and hostility to evaporate." – Albert Schweitzer

President's Pen: SCHOOL IS WORTH IT

If your child needs some extra motivation to get back to this school year, always remind them that the more education they receive means the more doors they can open, the bolder future they can have, and the happier life they can live. So if they're only interested in music or sports, they can be involved with those things, even if they're not always the star themselves, by staying in school. Getting an education is more than just getting a good job, and getting rich, it also leads to a healthier, more organized, more social, and more fulfilling life for many. For those older students who are questioning college on the sole basis of student debt, I can attest that the bill, while seemingly insurmountable, is able to be budgeted and paid off through financial literacy skills. Don't be afraid, be brave, and live the life you want. It all starts now.

We hope you all enjoyed your Summer!
