Guest Speaker

We are honored to have representatives from Lucas County Citizens Against The Neighborhood Jail Proposal as our September Guest speakers. They will be enlightening us on the continued fight to keep the new jail from being placed in any neighborhood. In addition, Matt Cherry will be attending to bring us up to date on what is going on in his district and the city as well as taking questions.

New School Year, New Leadership

Change is a part of life; it is what makes living exciting! We have undergone some changes at Burroughs Elementary School this year. We recognize our loss as we say goodbye to Mrs. Tucker, who has retired, and Mr. Preston, who needs time for his health, however, it is their joy, which we share, as they embark on a new frontier.

We are delighted to welcome new leadership, Mrs. Fischer, principle, and Mr. Harder, assistant principle, to Burroughs community! We are looking forward to this school year under their tutelage.

Toledo Lucas County Sustainability Commission Green/Sustainability Grant

Our Final Project

The Triangle Garden

As many of you know, through our newsletter or the news, our neighborhood organization was recently awarded a \$1,000 grant to help spread sustainability in our neighborhood. The BNO chose to use these funds to partner with 3 locations along the Airport Highway Corridor, to plant flowers, and help beautify this highly traveled and highly visible stretch of our neighborhood. We were also fortunate enough to include the Triangle Garden located at the intersection of Airport Highway and South Avenue.

As you drive by you will notice the change in the appearance of the Triangle. For one thing, we were fortunate to receive 4 flower pots from the city. Since they were delivered in mid August we chose to spend our grant money wisely and invest in perennials for the triangle garden as well as the pots. We will move some of those perennials to the ground for the winter so that they will return next year to flower.

The flowers will promote going green and help to beautify our neighborhood. It is an effort which will require yearly maintenance and weekly care but it adds a welcoming and peaceful area for all of us to enjoy while passing through The Burroughs. We love our neighborhood and hope that these changes will have a lasting effect on our neighbors in our community and encourage others to work together to sustain, maintain, and keep our neighborhood alive!

Check out the progress and impact of this sustainability grant that was awarded to The Burroughs Neighborhood Organization in hopes to beautify our neighborhood and encourage others to do the same.

A Special Thank You to Babes & Sucklings Early Learning Center, Krave Food and Ice Cream, and the Airport Plaza, for working with us on this special project.

Upcoming Meeting Schedule

Upcoming meetings will be held at
Burroughs School.

Sept 11, Oct 2, Nov 6, Dec 4

History of Labor Day

Labor Day marks many things: shopping and sales, the end of summer, the beginning of a new school year, football season, and a three day weekend. But most importantly, it is a time to pay tribute to the working men and women whose contributions have brought prosperity.

Observed on the first Monday in September, Labor Day pays tribute to the contributions and achievements of American workers. Created by Grover Cleveland after a failed attempt to break up a railroad strike during the labor movement in the late 19th century it became a federal holiday in 1894.

Jail

It has taken the efforts of many, but there needs to be a special shout out to the group "Lucas County Citizens Against The Neighborhood Jail Proposal". This group was passionate about stopping the new jail from going in at Angola Road at Airport Highway (at Byrne Road). Now the efforts are continuing to prevent the jail from being in anyone's neighborhood.

We are no longer providing home delivery.

Send your email address to

A High Five!

It is really nice when you put the work into your yard, you feel such a sense of pride. But it is really something when your neighbor takes the time to toot your horn!

This is what has happened to Andrew and Kristine. They purchased their home last summer. First, they cleaned up the yard which had been over grown with weeds. Then they planted beautiful flowers, cleaned around

the outside of the foundation and installed a water feature. Thank you Shawna for supporting your neighbors!
