Guest Speaker

We are excited and honored to have three candidates for County Commissioner as our guest speakers:

- Sandy Bashaw is a nurse, previous Chaplain for fire dept, wife of a mechanic, and mother. She works for a Managed Care Org with the most impoverished in our County, and she was a previous small business owner. She is currently enrolled at Oral Roberts Univ pursuing a Pastoral degree. One of the biggest issues facing our city/county is the push for a new jail, which she vehemently opposes.

- Gary Byers is an attorney in private practice in Maumee, Ohio. He previously served as Maumee Municipal Court Judge for 24 years, as well as on the board of elections, and as an assistant county prosecutor. One of the qualifications that Byers brings to his candidacy is his background in criminal justice - 70% of the county's budget deals with criminal justice.

- Sandy Spang is an at-large representative on Toledo City Council. First elected in 2013, Spang won a new term in the general election on Nov 7, 2017. She received a bachelor's degree from BGSU. She and her husband manage a residential and commercial real estate portfolio. Spang opened a coffee shop called Plate 21 in 2009.

We hope that you attend so that you can determine which candidate will be the best choice for Lucas County. Being informed allows us to vote with confidence.

BNO Random Acts of Kindness Campaign

A Human Movement

It's time...don't miss it....be on the lookout for KINDNESS! We've noticed recently that when asking people, about kind acts, there is pause – a difficulty recalling kind deeds. The definition of kindness includes descriptions “friendly, caring, generous and considerate,” and may be overlooked. Children are often taught to be Kind. The general model of Family teaches the necessity and benefit of being kind and helpful. Helping professionals, and all types of job settings, are asked to demonstrate Kindness as represented by their companies or ethics/creed. Faith based groups in devotion to spirituality, often practice Kindness when relating to, or helping others. We are aware of the need to be safe and cautious during these times we live in, but we cannot forget the human need for Kindness. Neighborhoods and communities develop, grow and thrive out of KIND deeds. Sometimes crises' that result in tragedy can provoke some acts of Kindness, as witnessed recently in TV news reports regarding Hurricane Florence.

We want to encourage the *spread of KINDNESS* throughout the Burroughs area, and community at large. While people are not in the habit of bragging about their deeds of kindness publicly, BNO would like to hear about some of the acts of **Kindness you have received or witnessed.**

Please send us your stories. Here are a few that were observed in September: “Saw a neighbor cutting another neighbor's grass, while they were at work.” “Saw a busy neighbor who works and does a lot of other stuff, cutting the Triangle.” “My grandchild asked to sweep the kitchen just to help me.” ***Let's spread KINDNESS.*** Example- the following link shows Kindness in real life “nice” stories that some schools or groups are practicing across the nation to identify someone to express thanks. <https://www.dudebenice.com>
